**ENVIRO CHEMICAL  
& SPILL SOLUTIONS**

**Edition 2**

## Brand Profile

Direct Source Australia manufacture a wide range of Enviro style chemical products and biodegradable spill control products. Consulting with customers and industry they ensure quality products are suited to mining and industrial environments.

Direct Source Australia is a wholesaler and exporter of industrial supply. A single source supplier to mining, industrial, civil construction, marine companies and contractors. Throughout Australia and internationally they offer customers a large range of quality products backed with excellent service and over 30 years experience. By working closely with manufacturers and distributors, quality products are offered at the best possible price.

## Direct Source Australia Pty Ltd

Export Wholesalers to Mining, Industrial, Marine & General Workshop

## Degreasers - Non Solvent

### Bio Degreaser

Extra strength water based quick break degreaser. Suitable for industrial and mining use. Ideal for cleaning of earthmoving equipment in wash pit situations. Bio Degreaser will easily cut through the toughest of baked on diesel grease. Non DG class product. Environmentally safe.

**20L**

EGBD20

**200L**

EGBD200

**1000L**

EGBD1000

### Citrus Cleaner

Extremely concentrated, natural citrus cutting power. A quick break industrial strength degreaser that may be used for any removal of built up grease or oil, use neat or may be dilute as required. Non DG class product. Environmentally safe.

**1L**

EGCC1

**1000L**

EGCC1000

Further information on product data and MSDS are available on our website

## Degreasers - Solvent

### Solvent Degreaser

Solvent base quick break formulation. Easily removes built up grease, oil, bitumen and tar. Effective in dissolving raw grease. DG class 3 product.

**20L** EGSD20  
**200L** EGSD200

### Sol Lite

Sol Lite Solvent is a fast drying, no residue solvent used for degreasing and cleaning. Commonly used as a budget brake cleaner. Ideal for use through pump spray bottles. DG class 3 product.

**20L** EGSL20  
**200L** EGSL200

### Parts Wash Solvent

Non-flammable parts wash solvent suitable for use in most parts washers. A powerful long life solvent with a low subbing formulation. Non-DG product with a slower evaporation rate than it's competitors.

**20L** EGPWS20  
**200L** EGPWS200

### GP Thinners

Premium all purpose thinner suitable for thinning or reducing automotive acrylic lacquer, bumper primers and coats, polyester spray putty and epoxy. DG class 3 product.

**20L** EGGPT20

Further information on product data and MSDS are available on our website

# Mining & Workshop Products

## Wax & Grease Remover (Prepsol)

Quick drying cleaning solvent used for surface preparation and cleaning. Effectively removes tar, adhesives, grease, oil, wax, polish, road grime and other contaminants for vehicle paint work. DG class 3 product.

**20L**  
EGWGR20

## Citrus Solvent

Industrial grade solvent cleaner with an extremely strong formulation of nature's own powerful ingredient d'limonene (citrus peel oil). Excellent alternative to harsh petro-chemical solvents. Ideal for the removal of grease and oil, printing industry inks and dye, graffiti, sticky adhesive residue, asphalt and bitumen. DG class 3 product.

**20L**  
EGCS20

**200L**  
EGCS200

## Hot Tank Wash

### Eco Clean

A safe and environmentally friendly product which is suitable for use on all metals including soft alloys. This product is an industrial grade cleaner for use in heated wash tanks. Low foaming action. Non DG class product.

**20kg**  
EGEC20

### Extreme Clean

Contains a high concentration of sodium hydroxide to break down and dissolve the toughest dirt, oil and grease. Ideally suited to engine reconditioning, this is an industrial grade cleaner for use in heated wash tanks. DG class 8 product.

**20kg**  
EGEXC20

Further information on product data and MSDS are available on our website

## Engine Coolants

### RCI

Concentrated Radiator Corrosion Inhibitor. RCI has proven itself for many years as the best protection available. Meeting the AS2108-97(b) only 500mls per 10 litre is required. EGRCI is a type B coolant suitable for alloys. Ideal for mechanical and workshops and radiator repairs. Service life of 12 months/20,000 km.

20L  
EGRCI20C

200L  
EGRCI200C

### Organic Coolant Concentrate

Concentrate long-life coolant that uses the latest OAT (Organic Acid Technology). Suitable for petrol or diesel engines, Organic Coolant more than doubles the life of conventional coolants to 100,000 kms or 3 years. This product is environmentally friendly making it ideal for the mining and earthmoving industries. OAT is approved by Komatsu, MAN, Detroit Diesel and Mercedes Benz. Also Caterpillar released the Cat EC-1 specification for long-life coolants in the hope of actually encouraging owners of Cat machines and engines to use OAT. For passenger car and light vehicle application 5% vol of EGOC concentrate should be diluted in water. EGOC at 7.5% vol in water will provide outstanding corrosion protection in stationery engines for at least 16,000 hours.

20L  
EGOC20C

200L  
EGOC200C

Further information on product data and MSDS are available on our website

# Mining & Workshop Products

## Dust Suppressant

### Organic Dust Suppressant

Environmentally safe and biodegradable dust suppressant for the control of dust pollution. Ideal for haul roads and around workshop entrances. Contains no magnesium chloride or tar base chemicals.

**20L**  
EGODS20

**200L**  
EGODS200

## Brake Fluid / Cleaner

### Brake Fluid Dot 4

Suits most cars, trucks and motorcycles requiring either a Dot 3 or 4 brake fluid. A low moisture absorption brake fluid.

**500ml**  
EGBF500

**5L**  
EGBF5

**20L**  
EGBF20

### Brake Cleaner

Powerful formula penetrates into moving parts to dissolve road grime and grease to clean calipers and friction surfaces. Contains a silicon lubricant to revitalise rubber parts. DG class 3 product.

**20L**  
EGBC20

Further information on product data and MSDS are available on our website

## Clean Up

### Kitty Litter

Oil absorbency granules. Traditional and reliable “kitty litter” style oil absorber. Quickly absorbs oil spills, solvents, fuels etc. Suitable for outdoor use; ideal in strong windy conditions.

**35L**  
EGKL35

### Pourable Bio Absorbent

Highly absorbent biodegradable pourable absorbent can be used on solvents, fuels and oil spills. This product rapidly absorbs the spill for a fast clean up. Recommend in a workshop environment. Ideal for indoor and outdoor applications.

**2kg**      **10kg**  
EGSA2      EGSA10

### Hazard Absorbent

Enviro Gold Spill Hazard Absorbent is a vermiculite product designed to be used for hazardous spills. Ideal and safe for hazchem spills, cost effective, non toxic, environmentally responsible and non-reactive.

**7.5L**      **30L**  
EGHA7      EGHA30

For a wider range of spill products, please refer to the spill section at the back of this catalogue.

**Further information on product data and MSDS are available on our website**

## Lubricants

### Lanolin Liquid

Safe and Natural – Liquid Lubricant.

An extremely versatile product. Used for everything from a lube to water-proofing electrical systems; to corrosion protection and even polishing and preserving wood, leather and vinyl.

<b>350gm</b> EG350L (Aerosol)	<b>500ml</b> EG500L	<b>1L</b> EG1L	<b>5L</b> EG5L	<b>20L</b> EG20L	<b>200L</b> EG200L
-------------------------------------	------------------------	-------------------	-------------------	---------------------	-----------------------

### Lanolin Grease

A versatile, low temp grease that suits a wide variety of applications. Lube, welding anti-splatter agent, cutting aid and preserving agent.

<b>500gm</b> EG500G	<b>2.4kg</b> EG2.5G	<b>4kg</b> EG4G	<b>20kg</b> EG20G	<b>180kg</b> EG180G
------------------------	------------------------	--------------------	----------------------	------------------------

### Can Lube

A durable multi-purpose lubricant and corrosion inhibitor. Made from a canola oil base this product can replace many hydrocarbon products e.g. WD40.

<b>400gm</b> EGCL400 (Aerosol)	<b>20L</b> EGCL20
--------------------------------------	----------------------

Further information on product data and MSDS are available on our website

## Workshop Rags

### Flannelette Premium Cut Rags

10kg compacted bag of premium workshop rags. Cut into squares approximately 400mm x 400mm from thick flannelette material that makes them ideal for soaking up oil and water. Free of sleeves, buttons, zippers etc. Entire pack 100% usable.

**10kg**  
RAGS10CF

### Cotton Premium Cut Rags

10kg compacted bag of premium workshop rags. Cut into squares approximately 400mm x 400mm from mixed cotton material. Ideal for general clean up and lint free polishing. Free of sleeves, buttons, zippers etc. Entire pack 100% usable.

**10kg**  
RAGS10MC

## Hand Cleaner

### Eco Hand Cleaner

Enviro Gold Eco Hand Cleaner is a premium quality citrus hand cleaner which includes other elements including polymer beads and a high content of lanolin leaving hands clean and moisturised. Industrial hand cleaner which also reduces the instances of industrial dermatitis which can occur in high usage applications. Enviro Gold Eco Hand Cleaner does not use harsh solvents, but instead uses natural citrus cleaning power.
